Newark, New Jersey 07102

RE: L.E. Carpenter Co., Wharton, Morris County, N.J.  
(WE Project No. 02369080)

Dear Mr. Lynch:

Enclosed please find the analytical results and leachability study of the polyvinyl chloride resin located at the L.E. Carpenter site.

I apologize for not sending you this information sooner, but our subcontractor, Recra Research had a delay in completing their work.

The Waste Management Study which is being prepared now by Wehran Engineering for this site should be received by your office by September 26, 1979.

If you have any questions regarding these results, please telephone me at (914) 343-0660.

Very truly yours,

*Robert D. Mutch Jr.*
